

# **CREATE**

Think of a question you are trying to answer or solve in your own work? Could this be informed by ideas discussed in the **CRITQUE** activity.

How could you draw, sculpt, or write this idea using this one piece of paper?

Consider how many ways can you **CREATE** using this one specific material?

Photograph, redraw or write a detailed description of what you have created, think about the **OBSERVE** techniques you have previously experience.

\* **FOLD** and **TEAR** along the dotted line and use the remaining paper to undertake the activities above.
